

Final Deadline for FDLP Forecast Submissions Is Friday

The final deadline for submitting your FDLP Library Forecasts, FLDP State Forecasts, and State Focused Action Plans is quickly approaching. After Friday, November 30, 2012, the U.S. Government Printing Office (GPO) will no longer be able to accept any additional Forecasts or Plans. If you have not yet submitted your Library Forecast, State Forecast, or Action Plan, we encourage you to do so.

Thank you to all of the members of the FDLP community who have submitted their FDLP Library Forecasts, FLDP State Forecasts, and State Focused Action Plans to GPO. The information you have shared will help inform the strategic direction for the FDLP and the development of the FDLP National Plan.

We look forward to working with you to create a vibrant future for the FDLP.
